Subject: Kaweah Care Recognition

Dear Dr. Verma,

I was very pleased to hear that you have received a Kaweah Care Recognition from Anna Berg, RN. She stated, "Thank you Dr. Verma, you gave clear orders on a complex Type 2 diabetic status post Cesarean section. You collaborated very well with OB doctor as well as RN. Thank you."

I really appreciate your willingness to go above and beyond with patient care. It's that kind of compassion and dedication that will help Kaweah Delta grow to its full potential.

Sincerely,

A handwritten signature in black ink, appearing to read "Edward A. Hirsch".
